

**GET STOPPED!** Is a parental notification system developed by the Michigan Sheriff's Association with the goal to reduce the number of young drivers injured or killed in vehicle crashes each year.

**HOW DOES IT WORK?**

A 'STOP' decal is affixed to your window with an assigned number issued for that sticker to ID your vehicle. There is NO COST to you to participate. Decals register the vehicle and not the person. **They may also be applied to ORV's, watercraft, etc.**

If a young person under age 21 in your family is stopped for any reason the officer will complete a notification card providing the following:

- Time and location of stop
- Driver's name and # of passengers
- Reason for the stop
- Whether citation were issued

The notification will be mailed directly to the parents to make them aware of the stop and actions taken.

**HOW TO SIGN UP**
